**Southside Masonic Lodge Honors The Greatest Gift Catalog Ever Creators
Through Community Builder Award**

Heather and Elliot Goldman were the first double recipients of the Community Builders Award on Monday, May 9, 2011, at the Southside Masonic Lodge in Fort Worth. The award is presented annually to an individual who has never been initiated into Masonry but who has followed the same precepts, ideals, and standards established for Masonic behavior. The nomination was presented to the committee by Mason David Topley. The award was presented to the Goldmans by Mason Richard Barnet.

This dynamic husband and wife team was recognized for their hard work to produce The Greatest Gift Catalog Ever. The Goldmans created this catalog to foster a new way of looking at holiday gifts that continue to give.

This year's Greatest Gift Catalog Ever features 15 local nonprofit organizations, and provides an opportunity to give a gift that makes a difference. In only three years, the catalog has raised more than \$1 million in donations to local charities; last year alone, the organizations' names and logos appeared 40 million times through a variety of media efforts.

Carla Jutson, Executive Director of Meals On Wheels, Inc. of Tarrant County who received the Community Builder Award in 2010 and was in attendance to congratulate the Goldmans.

For additional information and photos contact Carla Jutson, at 817-336-0912.
